

Finally, I have what I always wanted in a radio programming, music and information. No commercials, no interuputions. And yes I PAY for this out of free choice. This is about my ability to have the freedom to choose XM radio over the other areas of broadcasting. It it not the decision of National Association of Broadcasters as to what I can listen to or watch for that matter. Maybe they should concentrate on cleaning up the garbage they spew at us on a daily basis. Please, do no support petition 04-160.Thank you. Tom Reese
